

Welding 1 Program

CWBI ACORN IS A SYSTEM OF EDUCATIONAL RESOURCES that provide teachers and learners with the most industry relevant content related to welding and metal fabrication.

Acorn supports student learning for career and technical education courses for essential and vocational skill development.

Courses offered in the Welding 1 Program:

- › Health and Safety (HS1.1)
- › Power Sources (PS1.1)
- › Weld Quality (WC1.1)
- › Joint Design and Welding Symbols (JS1.1)
- › Gas Tungsten Arc Welding (WP2.1)
- › Gas Metal Arc Welding (WP3.1)
- › Plasma Arc Cutting (WP6.1)
- › Hand and Power Tools (ST1.1)
- › Material Handling (MH1.1)
- › Drawing Interpretation (DI1.1)
- › Shielded Metal Arc Welding (WP1.1)
- › Flux Cored Arc Welding (WP4.1)
- › Basic Oxy Fuel (WP7.1)
- › Trade Math Primer (TM1.0)

Price: \$25 per student

The CWB Group currently certifies 36 companies in Texas to CSA 47.1 and over 50 organizations where our education and testing takes place.
